PANDORA

Hidden stash safe can

MTN - Montana Colors is proud to present a very special new product, the Pandora.

From the outside, your first impression is that this is just a regular Hardcore spray can, but on the inside, instead of paint it has a hidden compartment, to hide those things that are best left hidden from view.

Made in Europe from an authentic spraycan, The Pandora not only deceives you due to its appearance, but also because it makes the classic sound of a rattling can and weighs the same as a regular can. No matter how you handle The Pandora, it is absolutely impossible to notice its true nature. Go get yours now.

Characteristics:

Realistic appearance and weight - Original spraycan components - Spacious container - Waterproof.

EX014H000 - Now available!
